

Sunnybank Vine Nursery : Rooted Cuttings List 2017-2018

The varieties below are supplied as dormant bare-rooted one year old vines. They are on their own rootstock, so are not grafted. For some varieties we have very limited supplies.

We will despatch when dormant from December 2017 to end March 2018.

The rest of the collection will be available as bare wood cuttings for your own propagation – dependent upon wood ripening.
